Heckington Windmill is the only surviving working 8 sailed windmill in the World. The mill was originally built in 1830 was restored in 1892 by John Pocklington using a cap and eight sails taken from a windmill in Boston.

A £1.6m Heritage Lottery Project to purchase, restore and renovate the land and buildings around the mill was completed in 2017.

We grind all our own flour using grain that has been grown within sight of the windmill. Our flour is excellent for baking and can be purchased from the mill shop.

The mill is open to the public at weekends throughout the year and during the week in the school summer holidays

By becoming a member of
Heckington Windmill Trust you are
supporting the valuable work of all
our volunteers who
maintain and operate the
windmill for everyone to enjoy

The windmill is opened and operated by a fantastic team of volunteers whose care and enthusiasm for the windmill means that our visitors are guaranteed a first class experience.

These include millers, guides, shop & tea room assistants, bakers and gardeners. Working alongside these are our restoration and engineering teams who help to ensure that the mill and site are operational for our visitors.

In 2018 the Trust was awarded the Queen's Award for Voluntary Service, recognising the hard work and dedication of all our volunteers and members.
